

MONTARIBALDI

This small winery is operated by the Taliano family. They started in 1969 and the property has grown over the years. They have 4 hectares of vineyards which they own outright, with another eleven hectares of vineyards being rented. They have just two hectares of Nebbiolo in the Barbaresco denominazione. Papa Giuseppe Taliano is proud of the work being done by sons Roberto and Luciano. The winery has a number of small, French oak barrels. The fabulous Barbaresco is matured in oak, half being brand new and half going into “one wine”-old cooperage.
